- Access to Higher Education: Science for Professionals Allied to Medicine Diploma
(Fast track course for entrance into Access to Higher Education: Medicine Diploma)

PROFESSIONAL EXPERIENCE

Fall 2022 – Present

Equitas Health, Columbus, OH

Director of Programs Operations

- Leading a team of evaluation, training, and administrative professionals, our team is passionate about supporting health equity work within the Programs Team at Equitas Health. This includes supporting operations for the Health Advocacy, Housing Advocacy, and Prevention teams which comprises approximately 250 individual team members across Ohio.

Summer 2021 – Fall 2022

Equitas Health, Columbus, OH

Director of Clinical Prevention Initiatives

- Leading a team of public health professionals, our team is passionate about HIV prevention in populations that face stigma and marginalization. We work in a data driven environment that puts a heavy emphasis on innovation and excellence, an example of this is moving toward the status neutral model of HIV prevention and care. This model specifically challenges teams to prioritize social determinants of health, and reduce barriers to individuals knowing their HIV status and accessing appropriate care.

Winter 2020 – Fall 2022

LGBTQ+ Spectrum of Findlay, Findlay, OH

Executive Director: Part-time

- As the Executive Director of a small rural LGBTQ+ non-profit, my main goal is to develop support and awareness within the community. We do this using a very collaborative approach and have had great success at reaching business leaders and community members alike.

Fall 2020 – Summer 2021

Equitas Health, Columbus, OH

Sr. Prevention Quality Improvement Manager

- In this role I focused on process improvement in order to help drive increased data collection and data validity across all teams within the Prevention department. I also worked with program managers to ensure reporting and grant writing timelines are managed, and goals are met efficiently.

Summer 2019 – Fall 2020

Equitas Health, Columbus, OH

Quality Improvement Evaluator

- In this role I took responsibility for evaluation and data quality for four large grants within the Equitas Health Prevention Department. This included training, targeted evaluation work, and generating robust reports. I also worked within the Quality Department and contributed to agency wide quality improvement processes.

Summer 2017 – Summer 2019

University of Findlay, Findlay, OH

Visiting Instructor – Biology

- My main responsibilities within this role was to work closely with the undergraduate Anatomy & Physiology team in order to deliver a consistent core course BIOL 322/BIOL 323 to over 250 students. Consistency improved overall during this time.

Summer 2016 – Summer 2017

University of Findlay, Findlay, OH

Adjunct Instructor – Physician Assistant Program and GE Wellness

- During the Fall Semester of 2016, I was the lead instructor for the pathophysiology course on the Physician Assistant Program, a graduate training program at the University of Findlay.

Spring 2010 – Summer 2015

Sussex Partnership NHS Foundation Trust, United Kingdom

Psychiatric Aide/Nursing Assistant

- Providing care to patients on an acute psychiatry ward. Monitoring patients and encouraging patient participation in social and recreational activities.

Fall 2009 – Winter 2011

East Sussex Healthcare NHS Trust, United Kingdom

Nurse's Aide/Healthcare Assistant

- Responsible for day-to-day patient care which included hygiene needs, help with mobility and emotional support. I reported directly to the nurses and ward doctor.

Summer 2008 – Fall 2009

East Sussex Healthcare NHS Trust, United Kingdom

Facilities Supervisor

- In this role, I had to utilise people management skills such as giving direction, organization, motivating a team, good communication. It was my responsibility to ensure all work was complete to National Health Service targets and standards.

Summer 2004 – Winter 2006

Sophia Project, Oakland, CA

Senior Project Worker

- As a senior project worker in an inner-city area, I worked with families and children at risk of homelessness, supporting them through early childhood education, tutoring and family support. I helped to develop the infant and toddler program. I also undertook special casework, which meant I had to focus on specific children and their overall progress and development. Additionally I helped to supervise interns in their direct service with the children.

CLINICAL EXPERIENCE USA

July 2016 – January 2017

Blanchard Valley Medical Associates

Part-time Primary Care Observership

- This observership enabled me to experience the Primary Care medical system in the USA. Under the guidance of Dr. Bouts I gained valuable patient contact and insight into clinic management.

August 2014 – October 2014

Blanchard Valley Hospital, Findlay, OH

Elective Pathology Rotation

- For my elective, I worked with Dr. Budke MD, Anatomical & Clinical Pathologist and BVH Laboratory Medical Director. I gained an in-depth understanding of the workings of the pathology laboratories. I got to work in all the pathology departments over the course of my elective, but gained the most experience in histopathology.

CONFERENCE PRESENTATIONS

Screening for Social Determinants of Health: Analysis of sensitive questions on PRAPARE assessment in sexual and gender minority (SGM) populations*Ohio Association of Community Health Centers - Annual Conference*

April 2021, Virtual Platform

PrEP Access and Utilization in At-Risk Populations*Equitas Health: Healthcare at the Intersections Conference*

August 2021, Virtual Platform

Supporting LGBTQ+ Youth in Rural Ohio*University of Findlay: Bridging the Trauma of Inequity*

May 2022, Virtual Platform

ACTIVITIES

Buckeye Flame*Board Vice President August 2021 – Present*

- The Buckeye Flame amplifies the voices of LGBTQ+ Ohioans to support community and civic empowerment through the creation of engaging content that chronicles our triumphs, struggles, and lived experiences.

LGBTQ+ Spectrum of Findlay*Board President September 2022 – December 2023**Board Secretary January 2018 – December 2019*

- The mission of this non-profit organization is to focus on improving the quality of life for the LGBTQ+ population in Findlay – Hancock County and the surrounding counties. Spectrum does this by concentrating on four key areas: Pride Picnic and other Pride month activities (June), twice monthly support groups, increasing social and networking events, and increasing awareness through education.

Brighton and Sussex Medical School Emergency Medicine Society*President September 2013 – July 2014**Treasurer September 2012 – July 2013**Co-founder of BSMS Emergency Medicine Society 2012*

- Our mission was to increase student exposure to the specialty of Emergency Medicine. We ran educational evenings and clinical skills sessions. We also collaborated with the Surgical Society to found and run an annual full day 'Trauma Conference'.

Brighton and Sussex Spectrum Society*Treasurer September 2013 – July 2014**Secretary September 2012 – July 2013*

- I was responsible for key elements of running this pro-equality society. We aimed to provide support to students as well as educational evenings.

Eastbourne Community First Responders Charity***Community First Responder 2011 – 2014***

- I started with the group as a fundraiser and then became fully accredited to be a First Responder. As First Responders we were equipped with an AED device and basic first-aid gear, we had to be on-call at least 8 hours a week. Emergency Dispatch would allocate us to calls in our local area, especially if an ambulance was not readily available. We were also involved in community education through The British Heart Foundation's Heart Start initiative.
